## Find A Recession Proof, Benefit-Loaded Government Job, NOW!

- ▶ Half of the federal work force is eligible for early or regular retirement

**That Creates 1.3 million NEW jobs!**

- ▶ **Work for as little as 5 years and get health care for LIFE**
- ▶ The average annual salary for all federal employees exceeds \$67,000
- ▶ **Younger workers can apply for student loan payoff assistance**

Are you tired of not receiving the pay and benefits you desire...and deserve? Do you work for a company that doesn't appreciate what you bring to the table and DOESN'T provide health care benefits in retirement? Do you dream of a secure, benefit loaded, and high-paying job that offers advancement and training — and awards good performance? If you want to be gainfully employed in a dynamic environment with endless opportunities, you should explore working for Uncle Sam.

### **There are many opportunities for those who are willing to seek them out.**

A million plus jobs must be filled as baby boomers say so long to their federal careers. The average annual federal workers compensation, pay plus benefits, is **\$106,871** compared to **\$53,288** for the private sector according to the *United States Bureau of Economic Analysis*. Student loan pay off, relocation, and cash incentives are now offered for hard to fill positions. Uncle Sam's liberal benefit package far exceeds what the average private sector company offers including two weeks paid sick leave, up to 5 weeks vacation, 10 paid holidays, health insurance, and an exceptional retirement package with a fixed annuity!
